

About Us

Equipment Rental is designed to provide recreational equipment for the enjoyment of Vance Air Force personnel and their families. From camping equipment, to boats and gardening tools, it can be rented from Equipment Rental!

Returned Equipment

Equipment checked out from the Equipment Rental operation is in serviceable condition (clean and undamaged) and the same is expected upon return. Equipment Rental personnel will inspect returned items for cleanliness or damage. If items are damaged, the customer will be charged the actual cost of repair. If the item is damaged beyond repair, or lost, the customer will pay for the replacement cost, or replace it with a like item. To eliminate doubts, inspect the equipment thoroughly before leaving the facility and report any discrepancies to Equipment Rental personnel for a replacement issue. If no replacement is available, discrepancies will be noted on Vance AFB Form 79.

Procedures

All customers, in accordance with new Air Force regulations, are required to have their credit card information on file before any equipment is rented. Fees will be according to the daily, weekend, weekly or monthly costs. Customers are responsible to pay the fees in advance, by day, weekend, weekly or monthly. There is a minimum one day charge regardless of the number of hours an item is checked out. On subsequent days, no charge will be assessed for items turned in prior to noon. There is a 20% discount on all equipment rental and equipment loan items rented on a weekly/7 day basis. Maximum check out time is 30 days. At the end of the 30 day period, if there is no waiting list for the item, it may be checked out for any additional time. There will be no trailer or boat hook-ups after 4:00 p.m. due to installation time.
